

FALL 2024 ROSTER MANAGEMENT

HOW DOES ROSTERING WORK?

NHSL requires every team to have a formalized roster that has been approved by their home State Association. The Roster has a pre-season deadline for completion and can be adjusted early in the season up to the roster freeze deadline that occurs mid-season every year.

GotSport allows for the construction of rosters in the rostering event, which in NH is titled: 'NHSA Rosters & Passes 2024/2025 State Fee'. Once constructed the rosters will import to the league. Out of State Teams need their State Association to approve rosters first.

- **UNIFORM NUMBERS** - All players must have a uniform number on the roster.
- **AGE APPROPRIATE** - Players should be rostered by proper birth year.

COACHES / MANAGERS

- Anyone that will be around the youth players must complete SafeSport certifications and a background check annually.
- **Safe Sport Requirements** expire and are due every year – make sure to complete these in advance as current SafeSport Certifications must be completed to be added to a roster. The requirement is found in the Coach's account profile in GotSport.
- **Background Checks** are required for all coaches and adults around youth players. The requirement submission form is found in the Coach's account profile in GotSport.
- Background checks take time to process, so do not wait to the last minute or you may not be allowed to coach.
